Mr. GINGREY, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 494]

The Committee on Rules, having had under consideration House Resolution 494, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 554, the Personal Responsibility in Food Consumption Act of 2005, under a structured rule. The rule provides one hour of general debate equally divided and controlled by the chairman and ranking minority member of the Committee on the Judiciary. The rule waives all points of order against consideration of the bill.

The rule provides that the amendment in the nature of a substitute recommended by the Committee on the Judiciary now printed in the bill shall be considered as an original bill for the purpose of amendment.

The rule makes in order only those amendments printed in this report. The rule provides that the amendments printed in this report may be considered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The rule waives all points of order against the amendments printed in this report. The rule provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The Committee on Rules is not aware of any points of order against consideration of the bill. The waivers of all points of order are prophylactic in nature.

SUMMARY OF AMENDMENTS MADE IN ORDER

(Summaries derived from information provided by sponsors.)

1. Sensenbrenner: Manager's Amendment. Makes technical changes to the section of the bill that sets out the types of information a plaintiff must provide to a judge to allow the court to determine whether the lawsuit should proceed or be dismissed. Clarifies that the pleading provision in H.R. 554 is meant to apply to all cases seeking obesity-related damages. Adds the phrase "for each defendant and cause of action" to clarify that a judge must apply H.R. 554's pleading requirements to each specific claim. This prevents a plaintiff from improperly using a claim that is not barred by H.R. 554 as a means of pursuing obesity-related claims that are barred by H.R. 554 against the same or other defendants. (10 minutes)

2. Jackson-Lee: Prohibits the food industry from initiating lawsuits against any person for damages or other relief due to injury or potential injury based on a person's consumption of a qualified food product and weight gain, obesity, or any health condition that is associated with a person's weight gain or obesity. (10 minutes)

3. Filner: Exempts those who are age eight and under from the provisions of this Act as it relates to large chain outlets. (10 minutes)

4. Scott (VA): Exempts State law enforcement actions from the impact of the legislation to ensure that Attorneys General and State agencies can enforce State consumer protection laws concerning mislabeling or other unfair and deceptive trade practices. (10 minutes)

5. Waxman: Exempts lawsuits involving a dietary supplement relating to a person's weight gain, obesity or any health condition associated with weight gain or obesity. (10 minutes)
